A very warm welcome to St Augustine's of Hippo, Hedon. Our festival has been planned for over two years and it's a great feeling to finally throw open the doors.

Our Brewer Friends,

Bricknell Brewery, We are a very small-scale operation, specialising in the production of hand-crafted bottle-conditioned beers, covering a range of styles from light blonde beers. The brew size is only about 150 litres, so the emphasis is on quality, not quantity, and everything is done by hand, from the brewing stage through to bottling. We use no finings, so all of our beers are vegan-friendly.

Saazy Blonde ABV 4.0%

Brewed with Saaz hops from the Czech Republic, this beer has low levels of bitterness and a subtle spicy aroma/flavour like many continental wheat beers. Perfect summer drinking.

Larkin's Bitter ABV 4.8%

This is traditional strong bitter, brewed with a range of malts and English Goldings hops. It's named after the famous poet Philip Larkin, who produced some of his best material whilst living in Hull.

Bosphorous 1875 ABV 5.6%

A strong dark ruby ale which has only gentle levels of bitterness, so this one is all about the malts and so it has a rich, malty, slightly sweet flavour.
